

# serving the developmentally disabled since 1991

*"I chose you when I planned creation."*  
*-Ephesians 1:11-12*

Hill Resources, Inc. was founded in 1991 to provide a safe, high quality program for people with developmental challenges. Our philosophy is to approach each person served as if they were a part of our own family. We believe that God owns everything and that we are stewards of his resources. Therefore, we seek His guidance when considering the needs of each person requesting

services from our organization and in the selection of employees who serve in our organization. We are licensed and certified by the State of Texas and the Department of Labor to provide residential, vocational, and day habilitation services.
